

## Project :Ontract

Testcase Id	Description	Test steps	Expected Result	Actual Result	Status	Bugs	Checked
TC001	Verify Home page loads successfully	Open application URL in browser	Home page should load with header, banner, and search section	Home page loaded correctly	Pass	Positive	Yes
TC002	Validate search with valid location and service	1. Enter location 2. Enter service 3. Click Search	Relevant service providers should be displayed	Value entered successfully But not displayed relevant services	Fail	Location functionality not working	Yes
TC003	Verify Service search input field	Enter service name (e.g., AC repair)	Service value should be accepted	Value entered but no action triggered	Fail	Search functionality not working	Yes
TC004	Verify Search button functionality	Enter location + service → Click Search	Should redirect to search results page	No redirection / no results shown	Fail	Search button not functional	Yes
TC005	Verify empty search validation	Click Search without entering inputs	Validation message should be shown	No validation shown	Fail	Missing validation	Yes
TC006	Verify Login link redirection	Click on Login from header	Should redirect to Login page	Redirected to Login page correctly	Pass	Positive	Yes
TC007	Verify Sign Up link redirection	Click on Sign Up from header	Should redirect to Sign Up page	Redirected to Sign Up page correctly	Pass	Positive	Yes
TC008	Verify Login page load	Click Login → observe page	Login page UI should load properly	Login page loaded	Pass	Positive	Yes
TC009	Verify Sign Up page load	Click Sign Up → observe page	Sign Up page UI should load properly	Sign Up page loaded	Pass	Positive	Yes
TC010	Verify dropdown closes on Home click	Click Sign Up → Click Home	Dropdown should close and Home page should remain clean	Dropdown options still visible	Fail	Negative	Yes
TC012	Valid email subscription	Enter abc@gmail.com → Click Subscribe	Subscription success message shown	No success message displayed, button reloads page	Fail	Negative	Yes
TC013	Validate Twitter icon	Click Twitter icon	Opens Twitter in new tab	Link not working	Fail	Negative	Yes
TC014	Validate LinkedIn icon	Click LinkedIn icon	Opens LinkedIn page	Wrong URL opens	Fail	Negative	Yes
TC015	Validate Facebook icon	Click Facebook icon	Opens Facebook page	Opens in same tab	Fail	Negative	Yes
<b>Sign Up Individual Page</b>							
Testcase Id	Description	Test steps	Expected Result	Actual Result	Status	Bugs	
TC016	Verify Sign Up page load	Navigate to Sign Up page	Sign Up page should load successfully	Page loaded	Pass	Positive	YES
TC017	Verify Mobile Number field visibility	Observe Mobile Number field	Field should be visible	Field visible	Pass	Positive	YES
TC018	Verify alphabet input validation message for Mobile Number field	Enter alphabets (abcd) or special characters	Error message should clearly say "Only numbers are allowed"	Enter valid 10 digits phone number	Fail	Negative	YES
TC019	Verify Mobile Number with less than 10 digits	Enter less than 10 digits	Validation message should appear	Validation shown	Pass	Positive	YES

TC020	Verify Mobile Number with alphabets	Enter alphabets in mobile field Leave mobile field empty → Click Sign Up	Field should not accept alphabets Validation message should appear	Alphabets not accepted Validation shown	Pass	Positive	YES
TC021	Verify Mobile Number empty submission				Pass	Positive	YES
TC022	Verify Email field visibility	Observe Registered Email ID field <a href="#">Enter valid email (abc@gmail.com)</a>	Field should be visible	Field visible	Pass	Positive	YES
TC023	Verify valid email format		Email should be accepted	Email accepted	Pass	Positive	YES
TC024	Verify email field does not accept spaces in between	<a href="#">Enter email with space (test@gmail.com)</a>	Email should be rejected Error message should display	Email accepted and form allows submission	Fail	Negative	
TC025	Verify duplicate email registration message	Enter already registered Email ID → Fill other fields → Click Sign Up	“This email is already registered” Error message should display	Generic message “Something went wrong” displayed	Fail	Proper duplicate email validation message missing	YES
TC026	Verify duplicate mobile number registration message	Enter already registered Mobile Number → Submit form	“This mobile number is already registered”	Generic message “Something went wrong” displayed	Fail	Duplicate mobile validation not handled correctly	YES
TC027	Verify invalid email format	Submit form with special characters in mobile field	Error message should be displayed	Form submits without mobile validation error	Fail	Negative	YES
TC028	Verify Email empty submission	Leave email empty → Click Sign Up	Validation message should appear	Validation shown	Pass	Positive	YES
TC029	Verify Password field visibility	Observe Password field	Password field should be visible	Field visible	Pass	Positive	YES
TC030	Verify Password masking	Enter password	Password should be masked Validation message should appear	Password masked	Pass	Positive	YES
TC031	Verify Password minimum length	Enter short password	Field should be visible	Validation shown	Pass	Positive	YES
TC032	Verify Confirm Password field visibility	Observe Confirm Password field	Field should be visible	Field visible	Pass	Positive	YES
TC033	Verify Confirm Password matching	Enter same password	Passwords should match Validation message should appear	Passwords matched	Pass	Positive	YES
TC034	Verify Confirm Password mismatch	Enter different password Copy password → Paste in confirm password	Validation message should appear	Validation shown	Pass	Positive	YES
TC035	Verify copy-paste in Confirm Password		Copy-paste should be restricted	Copy-paste allowed	Fail	Security issue – copy paste allowed	
TC036	Verify Password field accepts input	Enter valid password	Password should accept input Password should be masked with dots	Input accepted	Pass	Positive	
TC037	Verify password masking	Enter password	Validation message should appear	Password masked	Pass	Positive	
TC038	Verify password with only alphabets	Enter alphabet-only password	Validation message should appear	Validation shown	Fail	Negative	
TC039	Verify password with only numbers	Enter numeric-only password		Validation shown	Pass	Positive	
TC040	Verify password with special characters	Enter password with special characters	Password should be Accepted	Accepted	Pass	Positive	
TC041	Verify password with spaces	Enter password containing spaces	Spaces should not be allowed Validation message should appear	Password accepts spaces	Fail	Space validation missing	
TC042	Verify empty password submission	Leave password empty → Click Sign Up	appear	Validation shown	Pass	Positive	
TC043	Verify reCAPTCHA visibility	Observe reCAPTCHA	reCAPTCHA should be visible	Visible	Pass	Positive	
TC044	Verify reCAPTCHA selection	Click “I’m not a robot”	Checkbox should be selectable	Selected	Pass	Positive	
TC045	Verify Sign Up button visibility	Observe Sign Up button	Button should be visible	Button visible	Pass	Positive	
TC046	Verify successful registration with valid details	Submit the registration form with all valid details	Registration should be successful	Registration completed successfully	Pass	Positive	YES

TC047	Verify activation email is received	Check registered email inbox after successful registration	Activation email should be received	Activation email received in inbox	Pass	Positive	YES
TC048	Verify activation email contains activation link	Open activation email	Email should contain a valid activation link	Activation link is present	Pass	Positive	YES
TC049	Verify activation link opens activation page	Click the activation link from email	Activation confirmation page should be visible	Activation page opened successfully	Pass	Positive	YES
TC050	Verify activation page displays YES and NO options	Observe activation page after opening link	YES and NO buttons should be visible	YES and NO buttons displayed	Pass	Positive	YES
TC051	Verify YES button is clickable	Click YES button on activation page	YES button should respond	YES button clicked successfully	Pass	Positive	YES
TC052	Verify redirection after clicking YES	Click YES on activation page	User should be redirected to Personal Details page	Personal Details page opened	Pass	Positive	YES
TC053	Verify Personal Details page loads correctly	Observe Personal Details page	Page should load without errors	Page loaded correctly	Pass	Positive	YES
TC054	Verify Personal Details form fields visibility	Observe fields on Personal Details page	All required fields should be visible	All fields are visible	Pass	Positive	YES
TC055	Verify Personal Details page URL	Observe browser URL after YES click	URL should match Personal Details page	Correct URL loaded	Pass	Positive	YES
TC056	Verify session continuity after activation	Navigate within Personal Details page	Session should remain active	Session maintained successfully	Pass	Positive	YES
TC057	Verify activation link works only once	Click activation link again after activation	Link should show already activated message	Already activated message shown	Pass	Positive	YES
TC058	Verify browser refresh on Personal Details page	Refresh Personal Details page	Page should reload correctly	Page refreshed without error	Pass	Positive	YES
TC059	Verify back navigation from Personal Details page	Click browser back button	User should not go back to activation page	Redirected appropriately	Pass	Positive	YES

## Login Page

Testcase Id	Description	Test steps	Expected Result	Actual Result	Status	Bugs	
TC060	Verify Login page load	Click Login from Home page	Login page should load successfully	Page loaded	Pass	Positive	Yes
TC061	Verify Email field visibility	Observe Registered Email ID field	Email field should be visible	Field visible	Pass	Positive	Yes
TC062	Verify valid email input	Enter valid registered email	Email should be accepted	Email accepted	Pass	Positive	Yes
TC063	Verify invalid email format	Enter invalid email (abc@)	Proper validation message should appear	Validation shown	Pass	Positive	Yes
TC064	Verify empty email submission	Leave email empty → Click Go	Validation message should appear	Validation shown	Pass	Positive	Yes
TC065	Verify Password field visibility	Observe Password field	Password field should be visible	Field visible	Pass	Positive	Yes
TC066	Verify password masking	Enter password	Password should be masked	Masked correctly	Pass	Positive	Yes
TC067	Verify password visibility icon	Click eye/lock icon	Password should toggle visibility	Icon not working	Fail	Password visibility icon not functional	Yes
TC068	Verify empty password submission	Leave password empty → Click Go	Validation message should appear	Validation shown	Pass	Positive	Yes
TC070	Verify CAPTCHA visibility	Observe CAPTCHA image	CAPTCHA should be visible	CAPTCHA visible	Pass	Positive	Yes
TC071	Verify CAPTCHA empty submission	Leave captcha empty → Click Go	Validation message should appear	Validation shown	Pass	Positive	Yes
TC072	Verify incorrect CAPTCHA	Enter wrong captcha	Error message should appear	Error shown	Pass	Positive	Yes

TC073	Verify copy-paste restriction in CAPTCHA field	Copy text from external source → Paste into CAPTCHA input	CAPTCHA field should not allow paste	Multiple CAPTCHA values pasted	Fail	CAPTCHA paste restriction missing	Yes
TC074	Verify correct CAPTCHA	Enter correct captcha	CAPTCHA should be accepted	Accepted	Pass	Positive	Yes
TC075	Verify Login with valid credentials	Enter valid email, password & captcha → Click Go	User should login successfully	Logged in	Pass	Positive	Yes
TC076	Verify Login button visibility	Observe Go button	Button should be visible and enabled	Visible	Pass	Positive	Yes
TC077	Verify Forgot Password link	Click Forgot Password	Should redirect to Forgot Password page	Redirected	Pass	Positive	Yes
TC078	Verify Sign Up link from Login	Click Sign Up	Should redirect to Sign Up page	Redirected	Pass	Positive	Yes
TC079	Verify Login without CAPTCHA	Fill email & password only → Click Go	Login should not proceed	Login blocked	Pass	Positive	Yes
TC080	Verify multiple failed login attempts	Enter wrong credentials repeatedly	Proper error handling / lock should occur	No lock message shown	Pass	Security handling missing	Yes

## Personal Details Page

Testcase Id	Description	Test steps	Expected Result	Actual Result	Status	Bugs	Checked
TC081	Verify Personal Details form loads after login	Login with valid provider credentials	Personal Details page loads without error	Page loaded successfully	Pass	Positive	YES
TC082	Verify Full Name field does not accept numbers	Enter numbers in Full Name field	Validation message shown and input rejected	Numbers rejected	Pass	Positive	YES
TC083	Verify Full Name field does not accept special characters	Enter special characters in Full Name field	Error message displayed	Special characters rejected	Pass	Positive	YES
TC084	Verify Full Name accepts characters and spaces	Enter valid name with alphabets and spaces	Name accepted	Accepted correctly	Pass	Positive	YES
TC085	Verify postal code accepts numeric values	Enter valid numeric postal code	Postal code accepted	Accepted	Pass	Positive	YES
TC086	Verify postal code does not accept alphabets	Enter alphabets in postal code field	Validation error shown	Error displayed	Pass	Positive	YES
TC087	Verify postal code does not accept special characters	Enter special characters in postal code field	Input rejected	Rejected	Pass	Positive	YES
TC088	Verify postal code minimum length validation	Enter postal code with less digits	Error message displayed	Error displayed	Pass	Positive	YES
TC089	Verify valid postal code submission	Enter valid postal code	Accepted without error	Accepted	Pass	Positive	YES
TC090	Verify postal code rejects alphabets	Enter alphabets in postal code	Validation shown	Rejected	Pass	Positive	YES
TC091	Verify postal code rejects special characters	Enter special characters	Validation shown	Rejected	Pass	Positive	YES
TC092	Verify postal code length limit	Enter more than allowed digits	Extra digits restricted	Restricted	Pass	Positive	YES
TC093	Verify valid billing address accepted	Enter valid billing address	Address accepted	Accepted	Pass	Positive	YES
TC094	Verify address accepts alphanumeric values	Enter alphanumeric address	Accepted	Accepted	Pass	Positive	YES
TC095	Verify address accepts allowed symbols	Enter address with allowed symbols	Accepted	Accepted	Pass	Positive	YES
TC096	Verify ID Type dropdown visibility	Observe ID Type dropdown	Dropdown visible	Visible	Pass	Positive	YES
TC097	Verify ID Number mandatory validation	Submit form without ID Number	Error message displayed	Message shown	Pass	Positive	YES
TC098	Verify Mailing Address mandatory validation	Leave Mailing Address blank	Required field message shown	Message displayed	Pass	Positive	YES
TC099	Verify ID Type and Passport ID validation	Enter invalid ID/Passport number	Validation message displayed	Message displayed	Pass	Positive	YES
TC100	Verify Contact and Alternate numbers validation	Enter same number in both fields	Alternate number rejected	Rejected	Pass	Positive	YES
TC101	Verify Contact number rejects characters	Enter characters in contact number	Validation error displayed	Error shown	Pass	Positive	YES

TC102	Verify alternate number cannot match contact num	Enter same contact & alternate number	Error message displayed	Message shown	Pass	Positive	YES
TC103	Verify TIN number validation	Enter invalid TIN number	Validation message displayed	Message shown	Pass	Positive	YES
TC104	Verify Region dropdown loads values	Open Region dropdown	All regions displayed	Displayed correctly	Pass	Positive	YES
TC105	Verify State dropdown updates based on Region	Select Region	Relevant states loaded	States updated	Pass	Positive	YES
TC106	Verify Service dropdown lists services	Open Service dropdown	All services displayed	Displayed	Pass	Positive	YES
TC107	Verify Price validation	Enter price value	Currency symbol missing	Symbol not shown	Pass	Negative	YES
TC108	Verify form submission with valid dropdowns	Submit form with valid dropdown values	Form submitted successfully	Submitted	Pass	Positive	YES
TC109	Verify dropdown mandatory validation	Submit form with dropdown empty	Validation message displayed	Message shown	Pass	Positive	YES
TC110	Verify dropdown reset after submission	Submit form successfully	Dropdown reset to default	Reset	Pass	Positive	YES
TC111	Verify dropdown options are not duplicated	Open dropdown	No duplicate values	Verified	Pass	Positive	YES
TC112	Verify form behavior after incorrect submission	Submit incorrect then correct data	Fields retained	Retained	Pass	Positive	YES
TC113	Verify Sign-Up with valid data	Submit Sign-Up form with valid data	Account created and redirected	Redirected	Pass	Positive	YES
TC114	Verify Choose File button visibility	Observe upload section	Choose File button visible	Visible	Pass	Positive	YES
TC115	Verify file explorer opens	Click Choose File	File explorer opened	Opened	Pass	Positive	YES
TC116	Verify supported image upload	Upload supported image file	File uploaded successfully	Uploaded	Pass	Positive	YES
TC117	Verify supported certificate upload	Upload supported certificate	File uploaded	Uploaded	Pass	Positive	YES
TC118	Verify unsupported file restriction	Upload unsupported file	Error message shown	Message shown	Pass	Positive	YES
TC119	Verify small size image upload	Upload small valid image	Upload successful	Successful	Pass	Positive	YES
TC120	Verify upload field mandatory	Submit without file	Required message shown	Message shown	Pass	Positive	YES
TC121	Verify replacing uploaded file	Upload another file	Old file replaced	Replaced	Pass	Positive	YES
TC122	Verify upload mandatory enforcement	Submit without selecting file	Form not saved	Not saved	Pass	Positive	YES
TC123	Verify submit after file upload	Submit form after upload	Form submitted successfully	Submitted	Pass	Positive	YES
TC124	Verify uploaded file visible in profile	Open profile page	Uploaded file visible	Visible	Pass	Positive	YES
TC125	Verify Cancel button functionality	Click Cancel button	Form cancelled and redirected	Redirected	Pass	Positive	YES
TC126	Verify post-approval navigation	Complete approval & OTP verification	Bank Details page opens	Page opened	Pass	Positive	YES
