**Name : M.Eswari**

**Date : 08-01-2026**

Today I modified the footer styling to improve the overall UI and layout. I added social media navigation links to enhance user engagement and accessibility. The footer design was reviewed for consistency and responsiveness. All related changes were tested to ensure proper functionality.

I collected and reviewed code from all team members. All team code was merged into the project after resolving conflicts. Finally, the updated code was pushed to GitHub.
