

Today Work Update

Date:24-02-2026

Name: B. Lasya Priya

Today, I worked on preparing validation and invalidation test cases for multiple sections of the application, including Organisation Details, Local Address for Communication, Director Details, Bank Details, Litigation Details, and RERA Registration Details. I mainly focused on mandatory field validations, file upload validations, format validations (like PAN, CIN, IFSC, Mobile, PIN Code), and scenarios where records were getting added without entering required fields. I identified several validation issues and documented them along with detailed test cases.
